Tableau Installation Guide:

Tableau is a useful data visualization and business intelligence tool that helps us turn raw data into easy-to-understand charts, dashboards and interactive reports. It is widely used for businesses, analysts and researchers to make sense of complex information and support better decision-making.

Installation:

Let's install Tableau in our local machines.

Step 1: Tableau Website

Go to the official website of Tableau and find the "Products" menu.

Step 2: Tableau Products

Tableau provides various ways to use its features which includes:

Tableau Cloud: Cloud-based analytics platform, fully hosted without server management, for data analysis and secure sharing.
